Objectives

- To develop sustainable educational institutions for quality education.
- To provide blend of modern education and islamic practices.
- To provide quality education for the elimination of class discrimination.
- To incorporate new developments in our teaching methodologies.
- To cultivate a combine environment that provokes intellectual independence.
- To skill our team for upcoming challenges through training & workshops.
- To work on educational triangle, so that we may produce valuable individuals.

Quran and Sunnah indicate that education is very important for all Muslims. It is clear that getting knowledge and providing equal access to education for all sections of society is central importance in Islam. Knowledge and education is a key tool for personal development to fulfill duties and obligations to Allah and humanity.

Quaid-e-Azam's Message

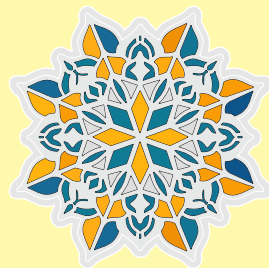

“Pakistan is proud of her youth, particularly the students who have always been in the forefront in the hour of trial and need. You are the nation's leaders of tomorrow and you must fully equip yourself by discipline, education and training for the arduous task lying ahead of you. You should realise the magnitude of your responsibility and be ready to bear it.”

Director's Message

Education is a special gift, achieved by the efforts of teachers, parents and students. He, who works hard, succeeds. So, if aspire to be acknowledged, desire to be equipped with knowledge.

Introduction

Ravian School System is a registered school system with a registered trademark name and logo. The basic purpose behind Ravian School System is to produce students having skills and education of modern day to day life with Islamic education and practices. We want to educate our students' the Islamic education, value education and modern education by which our students can become responsible, groomed and successful citizens of Pakistan. We will give regular academic and administrative support to our Network Associates. Centralized school operations and procedures, policies, curriculum, scheme of work, daily lesson plans, resources, and teachers trainings, examination papers, activity calendars. We will help our Network Associates to improve their strengths through a comprehensive monitoring and evaluation program.

Vision

Our children are our future. By developing sustainable educational institutions we can produce well-shaped individuals who are able to lead the world.

Mission

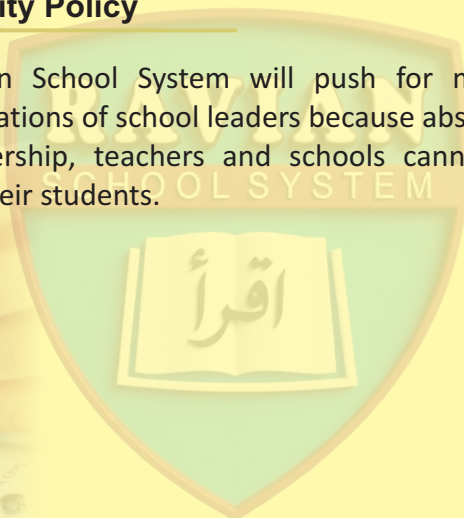

Through professionals, value oriented experiences, blend of modern & Islamic practices, we look forward students, who are nation builders, fully equip by discipline, education, and training to lead Pakistan.
